STATOTHR

Thank you for your letter of 13 October and the attached resume. It appears to me that your qualifications should be considered for the broad range of Agency activities, not only geography. I have, therefore, send the material on you to the Career Trainee Staff in our Office of Personnel. They will be in contact with you in due time.

Until you hear from the Office of Personnel, it's perfectly satisfactory to send additional material to me.

Sincerely,

STATINTL

Deputy Director
Basic and Geographic Intelligence
